

2018-19 Nomination Request for Policy Partners Candidates

Policy Partners is Community Crossroads' exclusive advocacy training program. Have you or someone you know ever wanted to participate in the legislative process and help sway opinions and votes on Bills that will affect individuals with developmental disabilities or an acquired brain disorder? Have you or someone you know ever wanted to tell your Representatives how pending legislation will affect your family or others for better or worse and elicit their support? Is the New Hampshire legislative process a mystery to you or someone you know? Then Policy Partners is the right type of training. Using a combination several targeted trainings and one-on-one mentoring from a trained advocate, participants can amass the skills needed to successfully participate in the legislative process and help craft a better future for people with disabilities.

I would like to nominate the following individual(s) for the *2018-19 Policy Partners* program:
